Tee assignments

Women play from the **red tees**.
Men play from the **white tees**.

Weekly results & ties

Weekly net team finishing positions earn the points shown. Tied teams average the points for the positions they occupy. Two teams tied for second earn **17.5 points each** (18 + 17, divided by 2); the next team finishes fourth.

Season standings

Count each team's **best 80% of official scoring weeks, rounded up**. In a full six-week season, the **best 5 scores count**. Missed weeks earn zero and may be dropped. The highest counted points total wins.

Season tiebreaks

Using counted weeks, compare first-place finishes, then second-place finishes, then third-place finishes. Tied weekly finishes count at their shared position. Teams still tied share their placing and split the combined payouts for the positions they occupy equally. Places below third carry no payout.

Canceled weeks & final week

League-wide cancellations award no points and are excluded from official scoring weeks. The final week uses the regular points table.
